

FAA Form 8130-3 Airworthiness Approval Tag

The FAA 8130-3 is a form completed by an FAA Designated Airworthiness Representative (DAR) which identifies a part or group of parts for export approval and conformity determination from production approval holders.

ASC is able to provide FAA Form 8130-3 for eligible parts.

If you need an 8130-3 or have questions pertaining to one; please contact your ASC Sales representative.
